Request for Review of Subcontract Agreement

Your name: _____

Company Name: _____

Mailing address or email address
to which the Subcontract Review should be sent:

Name of General Contractor: _____

This is a service provided exclusively to members of ASA Midwest Council. Be aware that the subcontract reviewed may not be the latest edition of the Subcontract Agreement currently in use by the General Contractor. Some of the subcontracts use a rating system to identify degree of importance of the recommended changes. These ratings are subjective: "A" signifies Critical; "B" signifies Very Important; and "C" signifies Important. The actual language of recommended changes is not necessarily the most effective or complete way to implement the desired change. The Committee limits its comments to the space available on the form. Our purpose is to raise "Red Flags" in order to signal areas of concern for desired changes. The Committee recognizes you will not be able to achieve all of the suggested changes in your negotiations.

In order to help the Committee provide meaningful service to ASA members in the future, we ask that you agree to complete the following questionnaire and return it to ASA as soon as practicable.

1. What was the purpose of your request for the Committee's review of the subcontract, e.g., you are negotiating a subcontract with the general contractor?

2. Were you able to achieve any changes to your subcontract? If not, why not?

3. What changes were you able to achieve? Please be specific.

4. Were you able to achieve any changes other than those recommended by the Committee? If so, what? Please be specific.

5. Do we have your permission to share information you provide us with other ASA members? (If you request, we will not share your name or the name of your company, only the information you furnish to us.)

☐-Yes ☐-Yes, but do not disclose our name ☐-No

6. Was the Committee's review of the subcontract beneficial to you? If so, how? If not, why not?

7. Do you have any suggestions how the Committee could be more helpful to you?

8. On a scale of 1 to 10 (10 being the highest), please rate the degree of helpfulness to you of the Committee's review. _____

Upon completion, please return to:
